

HUGHES TICKLED BY FRIENDLINESS OF BULL MOOSE

Confer With Numerous Republicans And Progressives On Desirability Of Hitching Up Together

(By Review Leased Wire.)
WASHINGTON, June 16.—Charles E. Hughes, weary from a week of strenuous political activity in New York, returned to his home here tonight for the week-end. He retired immediately before hearing of Geo. W. Perkins' announcement regarding peace negotiations between the Republicans and Progressives.

The nominee's apparent desire to bring Progressives and Republicans into accord is understood to have been the theme of discussion in several conferences in New York between Mr. Hughes and some of the Progressive leaders; notably Everett Coby of New Jersey, Oscar S. Straus and S. S. McClure, who called at the Hughes headquarters there. To other callers the nominee has voiced the sentiment that the interests of both Progressives and Republicans demanded that differences should be subordinated and harmony restored before the actual work of the campaign is begun.

The desirability of bringing the Progressives under the Republican standard again was discussed also, it is understood, in the long conference Tuesday night between Mr. Hughes and W. Murray Crane, chairman of the Republican national sub-committee on organization, who in turn is said to have conferred with other party leaders on the subject since then. None of the nominee's callers would authorize the statement that such a movement was on foot, but indications have not been lacking that peace overtures were imminent.

Mr. Hughes has adhered steadfastly to his announced policy to refrain from discussing political affairs publicly until he is formally notified of his nomination, and his advisers considered it doubtful tonight if he would depart from this policy to comment on Mr. Perkins' announcement. Indications are that the attitude of the Progressives may have much bearing on the nominee's selection of a national chairman and campaign manager.

It became known tonight that some Progressive leaders have a candidate for the chairmanship in William L. Wood, Jr., who was secretary of President Roosevelt.

During his two days' stay in Washington Mr. Hughes expects to devote much time to the consideration of eligibles for the place. His advisers, however, are almost unanimously of the opinion that he will virtually be his own campaign manager and the selection of a man to fill the position will be nominal only. George R. Sheridan, who has been treasurer of the national committee for three terms, is expected by those close to Mr. Hughes to succeed himself.

The personnel of the new executive committee is another matter to which the nominee will give careful consideration during his stay here. Almost equally important will be consideration of a summer residence.

Upon the selection of a summer residence depends to some extent the designation of the date of Mr. Hughes' formal notification. The ceremony probably will occur at the summer home as soon after July 4 as will suit the service of the notification committee.

EASTERN CREWS TO RACE TODAY

Syracuse Is Favorite, With Cornell Next At Big Poughkeepsie Regatta

(By Review Leased Wire.)
POUGHKEEPSIE, N. Y., June 16.—Unfavorable weather and water conditions, which have handicapped the oarsmen during the last ten days of training for the twenty-second annual regatta, of the Intercollegiate Rowing Association, continued to the eve of the race.

Weather conditions, however, appeared to have little effect upon the enthusiasm of the spectators who already are arriving here.

While all the eights have their loyal supporters, the consensus of opinion among coaches and experts is that not in several years has the trio of races presented a more exciting aspect. Syracuse is the choice of many for the varsity four-mile event, and, owing to the preponderance of backing, is a five to four favorite to defeat Cornell, the second choice. Even money also was paid by Pennsylvania supporters that the Quaker crew would defeat Columbia, whose backers were asking three to one on the New York crew against the field. In the junior and freshman races, Cornell was quoted at even money against the field with Syracuse second choice in both minor events.

MOTHER OF DEAD GIRL TESTIFIES AGAINST ORPET

Says Daughter Never Wept At Loss Of Youth's Affection; Contradicts Chum. Poison Experts Report

(By Review Leased Wire.)
WAUKEGAN, Ill., June 16.—Mrs. Frank Lambert, mother of Marion Lambert, the high school girl, testified today against Will Orpet, the young university student who is on trial here charged with the murder of her daughter.

The story of Mrs. Lambert sent a thrill of sympathy through the crowded courtroom.

Her testimony was to the effect that Marion was of a very happy disposition and remained so up to the last moment that she saw her on February 9, the day of her death.

Mrs. Lambert also impeached the testimony of Josephine Davis, Marion's chum. Josephine testified that Marion cried on February 6 at her birthday party because Orpet had transferred his affection to another girl. Mrs. Lambert asserted that the tears were occasioned by the inability of another girl friend to spend the night with her.

Other witnesses were Dr. Ralph W. Webster and Dr. William E. McNally, toxicologists, who expressed the opinion that the cyanide of potassium which caused Marion's death was taken in solution. Fred I. Wenham, the undertaker, and Wilson Frankland, Walter Sales and Albert Hopman, who went over the ground in Helm's woods looking vainly for the container of the poison. Their search brought nothing of value to light.

EL PASO, Tex., June 16.—Captain Alberto Gavira, according to a member of the El Paso police force, left on a train tonight for Eagle Pass to obtain news of his father, General Gabriel Gavira, although Andres Garcia, the Mexican consul at El Paso, reported late tonight on his return from Juarez. Numerous new rumors regarding General Gavira have been afloat in El Paso today, since the one that had him executed at Mexico City for high treason for conferring with General Pershing.

These rumors assign him to prison at various points along the railway line to Mexico City.

Consul Garcia and General Gonzales, the Juarez commandant, say that General Gavira is safe on his way to the capital where he enjoys the full confidence of the First Chief.

TEXANS FACE CHARGE OF FRAUD

Guard Officers Accused Of Selling Supplies Provided By Army

(By Review Leased Wire.)
AUSTIN, Tex., June 16.—The trial of Emmett E. Walker and George J. Head, former officers in the Texas National Guard, charged with selling guard supplies furnished by the United States government began in the federal district court here today. Both men pleaded not guilty.

Walker called as the first witness for the government, told of the shipment of a carload of clothing and other equipment which he said was worn out in service, to Brownsville. It was sold, he said, to General Pablo Gonzalez, commander of the Carranza garrison at Matamoros. Walker said he received \$2500 as his share of this money and understood that more was to be paid later.

Walker contended that neither the government nor the state was defrauded as a result of the transaction.

CARRANZISTAS TAUNT TROOPS

declare they cannot be in good faith conducting any campaign against bandits, but they can keep close watch upon the movements of General Pershing's men. The breaking up of these forces into small parties to scour the country for outlaws is one of the conditions which would be demanded by the United States before the American expedition would be recalled.

Army officers have no fears for the safety of General Pershing's forces, no matter what develops. The expedition is amply supplied and General Pershing recently inspected in person the disposition of his troops. The strategic points at the base camps and along the line of communication are protected by entrenchments.

The report of General Trevino's action gave rise to renewed speculation as to the course to be taken by President Wilson to make certain the safety of the border.

Nation's Guard Ready.
The entire national guard in effect has been awaiting orders for several days and some officials thought it possible a strong force of guardsmen would be promptly ordered to the border if official dispatches confirmed the Chihuahua City story.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; whereas, if a reliable best and most certain medicine is used, the tube is opened, and hearing is restored.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by HALL'S CATARRH CURE. Send for circular free.
